## **DETAILED ACTION**

### ***Priority***

1. Acknowledgment is made of applicant's claim for foreign priority based on an application filed in Taiwan on April 4, 2003. It is noted, however, that applicant has not filed a certified copy of the Taiwan 092107816 04/04/2003 application as required by 35 U.S.C. 119(b).

### ***Allowable Subject Matter***

2. Claims 1-10 are allowed.
3. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or fairly suggest, in addition to other element in the claim, claiming a pre-charge and sense out circuit of a differential type ROM having a charge sharing module electrically connected to the first and the second data lines for pre-charging the first and the second data lines, and for sharing electrical charges stored in the charge sharing module with the first and the second data lines according to a second control signal.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
